

Geoterrain Integrated Management Policy

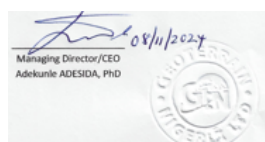

GEOTERRAIN Nigerian Limited is a fully consulting service company with headquarters in Lagos, Nigeria, incorporated as a limited company (RC 373716), under the laws of Nigeria to engage in a specific and specialized scope of business within the mining industry i.e. solid mineral, oil and gas; integrated environmental and engineering, geospatial information technology, marine/non marine and oceanographic services; training and government related consultancies in line with our Memorandum and Article of Association.

Our scope of service includes but not limited to “Geological Services; Geophysical Services; Integrated Environmental Studies; Oceanography and Marine; Geophysical and Environmental Studies; Geospatial Information Technology; Equipment Leasing; Project Management and Training”.

- This Policy provides the framework for setting the Geoterrain Nigeria Limited quality & environmental objectives at both corporate and functional levels within the organization.
- Geoterrain is committed to constant protection of the environment, including prevention of pollution, waste reduction, management of scarce resources consumption to as low as practicably possible (ALARP), and other specific commitment(s) relevant to our Integrated Management System [Quality Management Systems (**ISO 9001:2015**) and Environmental Management Systems (**ISO 14001:2015**)] context of our organization.
- We are committed to satisfying and complying to applicable legal, regulatory, and statutory requirements that apply to our Integrated Management System requirements, business and operational activities.
- We shall continually improve our Integrated Management System performance to always guarantee customer’s satisfaction and enhance attainment of our corporate objectives.
- We shall complete environmental assessments for aspects and impacts of all activities that GEOTERRAIN may undertake, promote, and develop, considering the efficient use of energy and materials, the sustainable use of renewable resources and the responsible disposal of waste, thereby minimising any serious or irreversible environmental degradation

GEOTERRAIN Nigeria Limited shall monitor its performance regularly and strive for continual improvement of our product and services and the IMS processes by constantly reviewing this Policy at **least annually** during management review meeting.

The policy shall be displayed conspicuously at strategic locations within the organization and at all GEOTERRAIN Nigeria Limited operational bases for easy access to all interested parties and communicated to external interested parties through our website.
